

## STUDENT FEEDBACK

I am Sanskruti Vijaykumar Karwa, student of 1st year BAMS at RTS AMC & RC, Kopergaon. Batch (2022-23)

I am very happy to be in this esteemed institute of RTS foundation.

The teaching staff is very knowledgeable & the environment here is also very friendly & free. The laboratories of various departments are well equipped. We are provided by ample guidance through our teaching faculties.

The hospital also provides us variety of patients for case study. The hospital staff is also very friendly & always ready to help.

The lecture halls are very well designed considering every problem faced by student. Lectures are held continuously without any gap.

I am grateful to be a part of RTS family & getting ready to serve humanity under great guidance.

Thankyou !!!
